**Kitsap Public Health District**  
**Environmental Health Division**  
**FEE SCHEDULE**

2018 Fees based on \$130 hourly rate  
2019 Fees based on \$145 hourly rate

<b>FOOTNOTES</b>	
1	Fees and applications are not transferable.
2	The Health Officer may waive all, or part, of any service charge on a case-by-case when just cause is demonstrated. When written application for waiver to a service charge is made
3	Activities not specifically identified in this Service Charge Schedule will be billed at the hourly rate.
4	Refunds are at the discretion of the Health Officer; the handling fee will be subtracted from any Health Officer-approved refund.
5	Reserved
6	The hourly rate will apply after the first seven (7) hours.
7	The hourly rate will apply after the first hour.
8	If the certification is not paid prior to the due date, the applicant must pay, in addition to the certification service charge, a Delinquent Certification Renewal Fee. After a 90 day
9	New Building Site Applications (BSA) are valid for a period of three (3) years and 30 days from the date of submittal.
10	Wet Weather Review for BSA includes three (3) site visits.
11	Building Clearance Exemption service charge covers staff time to conduct records search, plan review, and record processing; subject to the Health District's policy covering
12	The Sewage Disposal Permit expires within a period of one (1) year from the date of issuance unless a current valid Building Permit has been obtained for the property site.
13	For each system dispersal component. Review service charges are minimum charges. Time records will be maintained on all monitoring report reviews. Any costs over the deposit
14	Duplexes will require full fees for each address unless the duplex shares an individual drainfield. Duplexes with shared drainfields will receive one report for both addresses. If separate Property Conveyance Reports are requested for each address when a drainfield is shared, separate applications must be submitted and full service charges paid for each report.
15	Plat Review service charges are minimum charges. Time records will be maintained on all plats with onsite sewage reviews. Any costs over the deposit paid will be billed at the hourly rate. Plats will not be signed as approved until the Health District receives payment in full.
16	If a permit service charge is not paid prior to the due date, the applicant must pay, in addition to the permit service charge, a late penalty equal to 1% of the regular service charge for each day payment is late. The late penalty of 1% will be assessed only for thirty (30) days. If payment is not made within thirty (30) days of the due date, the establishment will be subject to closure in accordance with food service rules and regulations. The Health Officer may waive penalties, in whole or in part, where it is determined that the delay in payment has been caused by mistake or excusable neglect on the part of the person billed.
17	Inspections of establishments will be made in accordance with provisions of Kitsap Public Health Board Ordinance 2014-01 Food Service Regulations. The requirement for re-
18	Minimum one (1) hour.
19	The first re-inspection during the permit year will be conducted at no charge. Any additional re-inspections shall be charged at the Standard Hourly Rate. Payment of re-inspection service charges must be made within thirty (30) days of the billing date. If payment is not made prior to annual licensing renewal time, a new permit will not be issued.
20	Temporary permits are good for a maximum of 21 days. Applications and service charges for temporary permits are due fourteen (14) calendar days prior to the event to allow for weekend inspection scheduling and coordination with participants for approval. There is a 25% permit fee surcharge for applications submitted from 13 to 2 days prior to an event. There is a 50% permit fee surcharge for applications submitted 48 hours or less prior to an event. Non-complex menu permits are for one-step food preparation procedures for temporary permits. Complex menu permits are for operations that have multiple steps in food preparation.
21	Inspections will be made in accordance with provisions of rules and regulations of the State Board of Health governing swimming pool facilities. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local regulations.

**Environmental Health Division**  
**FEE SCHEDULE**

**2018 Fees based on \$130 hourly rate**  
**2019 Fees based on \$145 hourly rate**

22	Camps, which are serving food year round are required to license the food service facility according to the Food Program Service Charge Schedule in effect at the time of application. It is the intent to provide two (2) food service facility inspections per year for those operating year round. Camps operating on a seasonal basis shall license the food service facility according to the seasonal Food Program Service Charge Schedule. Camp pool facilities shall be licensed and inspected according to this Service Charge Schedule. Camp inspections include a bathing beach and one sanitary facility inspection.	
23	Charge covers completed permit application review, new or modified permit drafting/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review.	
24	Charges cover annual permit renewal/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review. Charges are assessed based on staff hours expended at the hourly rate approved by the Kitsap County Board of Health for that year. Charges will be billed at a frequency agreed to by the permittee.	
25	Conditionally exempt hourly fees are assessed to evaluate conditional exemption status, annual reports, and to conduct annual inspections, as needed. These fees include time expended on non-compliance and re-inspection.	
26	A permit issued to a facility once closure construction activities are completed, which governs the requirements placed upon a facility after closure to ensure its environmental safety for at least a twenty-year period or until the site becomes stabilized (i.e., little or no settlement, gas production, or leachate generation).	
27	The hourly rate will apply after the first fifty (50) hours.	
28	The hourly rate will apply after the first one hundred (120) hours.	
29	The hourly rate will apply after the first three (3) hours.	
30	Service charges will be assessed for the review of plans or proposals not specifically associated with a facility permit application.	
31	Fees for Biosolid facilities include time to review permits, review reports and to conduct inspections. Non-compliance issues would be billed separately. In addition to review charges for Bio-Solids State Permit, Plan and Report Reviews, charges are assessed for non-routine regulatory activities associated with facility noncompliance.
