

**COMPANIES WITH LICENSED WATER WELL DRILLERS**

The following companies have licensed water well drillers on staff and have requested to be included on this referral list and/or routinely perform licensed services within Kitsap County. This list has been posted for the convenience of the public and *is not* an endorsement by the Health District. The Health District provides no warranty or assurance of quality of the services or products offered by any of these companies/individuals. The Health District advocates that people obtain references, at least three written bids, and a written contract prior to engaging contractor services.

This list is current as of February 2018. Well drillers are licensed by the Washington State Department of Ecology. Construction, decommissioning, or modifying the construction of any water well requires the work be performed under the direct supervision of a licensed well driller and reported, in accordance with Chapter 173-160 WAC. For additional information and complete listings of licensed well drillers and drilling companies, please use the following website: <https://ecology.wa.gov/>
